#Resist Donald Trump

**DEMAND THAT TRUMP RESIGN!**

**LET'S START A NATIONAL CAMPAIGN!**

**A Guide to Advocacy/Activism for those looking to assist in Sustainable and Effective Activities in Concert with Individuals and Organizations who have the Influence and Resources to Make Substantive and Effective Gains**

**It's time for America to wake up! We can wait for Congress to impeach Trump, or we can wait for him to lose an election in 2020—OR WE CAN START PUTTING PRESSURE ON DONALD TRUMP TO RESIGN NOW!**

We have nothing to lose. Even if Trump doesn't have enough sense to resign, moving to establish a groundswell of voices demanding that this criminal monster resign will empower all who are working to stop his treasonous quest to be a dictator!

There's no need to stop demanding that he be impeached. We don't need to stop demanding that he be more deeply investigated. Raising our voices to demand he resign will weaken Putin's hold on him as well. Donald Trump craves praise and glory. Giving him the exact opposite of what he wants will push him to the edge and give those looking to remove him more room to investigate or impeach.

I really am not of a mind to be at the helm of any "Movement," but reading this story today pushed me over the edge:

<https://www.washingtonexaminer.com/opinion/op-eds/trump-administration-breaks-campaign-promise-purges-200-000-va-healthcare-applications>

Donald Trump has betrayed 200,000 veterans just like me! We served, got injured, and then were denied our due! He is a draft-dodging moron who consorts with one of the greatest enemies of the United States, Vladimir Putin! He lives like a king or dictator, while those that serve are denied access to healthcare and the financial support they earned via their service to our nation!

We need to get the Democratic Presidential Candidates behind this call for Trump to resign. It can only serve to add pressure to the impeachment process. I call on all who read this, especially those with direct access to the Presidential Candidates, to explain to them that we need them to get on board with this process. The minute that ape is out of the White House, and the Congress has moved to impeach William Barr, charges can

be brought against this treasonous duffer and we can begin the process of healing!

Let's spread the hashtags #TrumpResign and #TrumpResignNow across all of social media! I ask for people who have sway with political advocacy organizations and Democratic Party organizations to get them on board with the idea of pushing for Trump's resignation now. They have nothing to lose. As long as we keep the pressure up, the parties investigating this president can use this to propel their inquiries even further. Let the doubters know that Trump is an illegitimate president. Let them know that this veteran, who is still fighting to get his due, is tired of seeing a draft-dodging monster treating veterans and all of America like his playthings!

**WE OWN THIS COUNTRY, NOT THE TRAITORS FROM THE GOP!  
WE NEED TO LET THEM KNOW THAT WE WILL NOT LET  
ANYONE TAKE IT AWAY WITHOUT A FIGHT!**

We need to organize and start contacting every person in the country and around the world that can help. Let's use the influence of the rest of the world, LEGALLY FOR A CHANGE, to repair the damage done by Russia in the 2016 election! The power to take back the nation is in your hands! You need to let go of your fears and do what you can! Even if you can only spread the message via your hashtags or by spreading the word that we are ready to demand that Trump resign, you're taking control of your destiny, and the destiny of the nation!

For those that know how to organize marches, boycotts, and other protest events, get moving to organize to events to highlight how unpopular this monster is! We don't need to wait until 2020 to stop Trump cold in his tracks! If we lift our voices up together we can let Trump know that the people are not willing to be gaslighted anymore! **WE'RE SICK AND TIRED OF THE CORRUPTION AND WE'RE NOT GOING TO TAKE IT ANYMORE! LET YOUR SPIRIT OF FREEDOM OUT!**

Follow me on social media and help me spread the message around. Anyone who wants more information can contact me via my email, my website, or social media. I can help organize this movement now because I can't stand crying over the betrayal of our veterans, our citizens, our environment, and our allies any longer! Please stand up and protect America and the world from this orange monster! This is the ultimate way to #RESIST Trump! Peace out.
